CW10TM – Tradesman Shears

Current – W10TM

Heavy-Duty Blades

Feature Ti-Coated premium-grade steel and are precision-engineered for knife-like cutting edges

Titanium-Coated Blades

Provide corrosion resistance and are 3X harder than steel for durability & tool life

Touch-Point Ergonomics

Optimize hand & finger contact points in handles to maximize fit, control, and user ergonomics

Serrated Bottom Blade

Grips material as it is being cut for increased cutting control & cleaner cuts

Control-Channel

Accommodates index finger for increased control and cutting stability

Full Metal Core

Extends through the handle for maximum strength and increased durability

MULIGVIS VERDENS BEDSTE SAKSE

BEDST I TEST
